

## INFURIATED MOB READY TO LYNCH

Wholesale Murder of Negroes Probable at Shreveport, La., Today.

## CAUSE IS MURDER

Seventeen Colored Men Are Penned in a Store Awaiting an Awful Fate.

## SURROUNDED BY MOB

Shreveport, La., June 13.—The murder yesterday of John Foster, a wealthy planter and a brother-in-law of Governor McMillan of Tennessee by a Prince Edwards, plantation hand, may be followed by a wholesale lynching of negroes.

A mob of whites has surrounded the store since last night in which seventeen negroes, said to be implicated in the crime, are huddled together awaiting their fate. Edwards is still at large. Some believe that he suicided to prevent lynching.

The mob, which is heavily armed, is impatient for the blood of the seventeen and it would be no surprise if the lynching took place before the day was over.

The murder was the result of a long standing trouble between the bands and the overseer. Foster believed that he could settle the trouble by giving it his personal attention and started toward the negro quarters. As he approached the cabin the fatal shot was fired. Edwards wife says he is the murderer.

Word was received from Mainbrow this morning that Edwards had been captured and is being taken back to the scene of his crime where he will be burned at the stake.

Up to ten o'clock no news of any lynching had been received. There is no doubt of the intention of the mob to kill all of those implicated in the murder. All the highways bear a warlike appearance today.

"Prophet" Smith, the negro who predicts disasters, is one of the surrounded men and there is no doubt that he will be put to death.

Two women are among the prisoners and it is not likely that they will be spared.

## SUDDEN DEATH OF SENATOR STEBBINS

Well Known Wisconsin Law Maker Passed Away at His Home in Algoma Today.

Algoma, Wis., June 13.—Senator DeWayne Stebbins died suddenly at midnight of neuralgia of the heart. He had just returned from a trip to San Francisco as a member of the Wisconsin battleship committee to present the silver banquet set and bronze badger to the battleship Wisconsin.

## COLTEN IS CHOSEN GRAND MASTER

Badger State Masons in Session at Milwaukee, Elect Their Grand Lodge Officers.

Milwaukee, Wis., June 13.—F. H. L. Cotton of Eau Claire was chosen grand master of the Grand lodge, F. and A. M. yesterday at the election of officers, which was finished at 6:30 last evening. The other officers were re-elected.

Tacoma, Wash., June 13.—The Grand lodge of Masons has rescinded the resolution adopted two years ago recognizing negro masonry.

## WOODMEN BAR THE LARGE CITIES; W. A. NORTHCOTT AGAIN HEAD CONSUL

St. Paul, Minn., June 13.—Election of officers and a protracted contest over the admission of cities of over 200,000 to the jurisdiction of the order, filled the business day for the Modern Woodmen of America today. The proposition to take city members into the order came up on the report of the law committee.

An amendment was proposed to this report to dispense with the present limit, which keeps cities of over 200,000 from joining the order, Chicago, St. Louis, Milwaukee, Buffalo, Detroit, Cleveland, San Francisco, Cincinnati, Philadelphia and Pittsburgh being named in several motions and then taken up at one time and voted on. On Chicago the vote was 260 to 328, and the others were more quickly disposed of all being voted down.

This leaves paragraph 4 of the law committee's report, with the single recommendation that Utah be admitted to the jurisdiction of the order, and this amendment will doubtless

## REMOVE MR. BLISS FROM STATE SCHOOL

Notice from Board of Control for the Superintendent to Vacate on June 15.

The following notice speaks for itself. Public sentiment will supply the cause:

Office of the Board of Control, Madison, Wis., June 12, 1900. It is hereby certified that at the meeting of the State Board of Control held at its office in Madison commencing June 11th, 1901, the following proceedings were had:

"On motion of Mr. Nelson the following resolution was adopted. Resolved: That H. F. Bliss, superintendent of the School for the Blind, at Janesville be removed from said office, such removal to take effect on the 15th of June inst. Mr. Bliss will leave all property, monies, records and papers pertaining to such institution with the assistant steward, Jennie L. Kendall, who will take charge of the same for this board. She will also certify as acting steward to accounts against the institution which may be approved by her; and generally she will exercise the functions of steward of the institution until the board shall otherwise order."

WM. P. LYON, President.

Attest: M. J. TAPPINS, Secretary.

Mr. Bliss forwarded to the board the following reply. His term of office expires July 1, 1901:

Janesville, Wis., June 13, 1901.

Hon. Wm. P. Lyon, President, State Board of Control, Madison, Wis.

My dear Judge:—I am in receipt of your communication of the 12th inst., and wish to extend my thanks to the board for relieving me of further responsibility. I will endeavor to vacate the house by the first of July, and in the meantime will be pleased to render any assistance that Miss Kendall may need in the performance of her duties. Very sincerely, H. F. BLISS, Supt.

## OSHKOSH EDITOR GETS HIS REWARD

C. W. Bowron Appointed Superintendent of the State Reformatory at Green Bay.

Madison, Wis., June 13.—Insurance Commissioner, Emil Giljohan this morning handed down his findings in the case of the complaint of William Marx against the Equitable Life Insurance society. The complaint charges that the society gave to Colin McLean a policy for life insurance for \$100,000 as a gift. According to his finding the equitable assurance company is not guilty of the charge brought and the case dismissed.

C. W. Bowron, editor of the Oshkosh Northwestern, was this morning appointed superintendent of the Green Bay reformatory. The position carries with it a salary of \$2,000 and a residence.

## IRONWOOD VISITED BY SEVERE STORM

People Were Much Frightened, But No Lives Were Lost, and Damage Was Small.

Ironwood, Mich., June 13.—Ironwood was visited yesterday by a terrific hail and rain storm it could not be called a cyclone although the wind was blowing a gale nothing was greatly damaged. Lightning struck the poles here and there about the city and burned out a number of transformers.

The electric light company and telephone company sustained more or less damage but no one was killed. During the time of the storm the street cars were at a stand still and people were frightened.

The action taken is considered as settling for some years to come the membership limitations of the Modern Woodmen. The chief officers elected are:

Head consul—W. A. Northcott of Illinois.

Head Admiser.—Dan B. Herd of Iowa.

Head Banker.—R. R. Smith of Brookfield, Mo.

Head Sentry.—A. E. Bates of Minnesota.

Head Chaplain.—The Rev. James L. Churm of Waupun, Wis.

Head Watchman.—H. H. Smith of Richland, Mo.

Chaplain Churm today went outside of the chaplain's accustomed lines in the order and especially prayed for the recovery to health of Mrs. McKinley.

Yesterday afternoon there was a grand review of the uniformed camps by the officers and delegates at Camp Northcott. Last night secret work of the order was exemplified by Unity camp of St. Paul.

## FAVORITE SONS IN THE FIELD; CANDIDATES FOR M'KINLEY'S JOB

The Race for the Next Republican Presidential Nomination Promises To Be the Most Interesting in Years—Hanna a Dark Horse.

Washington, D. C., June 13.—Although there never was any serious consideration by the president or any one of the question relating to a third term for Major McKinley, his action yesterday declining a third term removes him from the race entirely and leaves a clear field for prospective candidates. The president's action will give impetus to presidential gossip, which will in all probability last for a month or so and then die out.

The leading politicians here regard any talk of a nominee as premature, but, notwithstanding this, those who have their eyes on the White House will take their lightning rods from their trunks, inspect them and lay them by for future use.

Fight of Favorite Sons.

Although the next national convention is nearly three years off, the crop of candidates will be a large one, and the race for the nomination will be the most interesting in years, as it will be a fight between favorite sons. Those who are known to aspire to the presidency and who are likely to enter the race are Vice President Roosevelt and Governor Odell of New York, Shelby M. Cullom of Illinois, Senator Fairbanks of Indiana, Senator Allison of Iowa, Senator Lodge of Massachusetts, Senator

## MANUFACTURERS READY FOR WAR; MAY TIE UP THE MACHINE TRADE

New York, June 13.—It may yet be a fight between the 650,000 members of the American Federation of Labor in the metal trades on one side and the employers of the country on the other. Today the National Metal Trades' association assembled at the Gilsey house for their annual convention and raised \$500,000 by assessment to protect their interests. At the same time they passed a resolution declaring the question of hours and wages to be a local issue.

In reply to this challenge the executive board, which represents the 50,000 striking machinists issued their defiance—a threat to call out every man in the metal branches of the American Federation of Labor, no matter what his trade, all over the country thus paralyzing industry. The National association represents 300 machine manufacturers all over the United States, whose combined capital is \$150,000,000. They ended their convention today without lifting a finger toward settling the strike. Instead they ratified the assessment of \$500,000 for the "protection of industries of the United States and Canada." This money, it was announced, would be used in shops where there are strikes for the employment of special men at special rates. Every machinist hereafter who takes the place of a striker will receive regular pay and a daily bonus of \$4 more, so that the strikers cannot tempt him away.

It cost the Cleveland foundry employers \$166,000 in bonus money recently, but they broke the strike. The employing machinists expect to smash this present strike by the same means. They are preparing for a long and bitter struggle.

## END BIG TASK IN THE PHILIPPINES

U. S. Commissioners Return from a Tour of Southern Provinces—Social Morality at Low Ebb.

Manila, June 13.—What is considered one of the most interesting incidents in connection with the American development of the Philippines was completed when the United States Philippine commission returned from its South province organizing tour. During nearly eight weeks of absence the commission party traveled some 3,000 miles, organized and officered eighteen provinces and took note of conditions in several islands which are not enough advanced to permit of civil government of a liberal character.

The social scale of morality under American military rule, while considerably superior to that under the Spanish regime. It is the commonest of sights to see the negro soldier of the ninth cavalry walking the street with his straight-haired native girl. He seems what the white soldier rarely is, really enamored of her. Their armours go far beyond what Americans would call propriety, with little or no heed of what the local public may say or think.

## OREGON GETS HOME AHEAD OF TIME

Royal Greeting to the Battleship is Given by the People of San Francisco.

San Francisco, Cal., June 13.—The battleship Oregon entered the Golden Gate yesterday afternoon at 4 o'clock and was welcomed with booming cannon and shrieking whistles. All along the water front the greatest enthusiasm was manifested, and the Stars and Stripes floated all over the city in honor of the home coming of the navy.

The Oregon in command of Captain Charles M. Thomas, formerly of the Brooklyn, left Yokohama on May 16 and reached Honolulu on May 30, slowing down two days on account of the rough seas. On leaving the islands on June 4 head winds and heavy seas were encountered which washed the ship continually. Despite the rough weather the Oregon averaged 14 1/2 knots.

## ILLINOIS BREAKS SPEED RECORD

Battleship is Fastest of Her Class in America, and Probably in the World.

Boston, June 13.—The fastest battleship in the United States navy and probably the fastest battleship in the world, is the Illinois. Yesterday over the Cape Ann course of, sixty-six knots she developed an average speed of 17.31 knots, the world's record for a sustained trial over a measured course.

Battleships of the Russian navy have made eighteen knots over a measured mile, but no such vessel now afloat, as far as is known, ever made the speed of the Illinois over a course more than a mile long. The Illinois is truly the queen of the navy.

Rear Admiral Robley D. Evans, who was in charge of the trial, said today that no ship in the world of her class can compare with this latest addition to Uncle Sam's fleet. Rear Admiral Sampson, who was on board as a guest, said the same thing. They and all the other naval officials on board expressed unbounded delight when the great ship rushed past the last stake-boat without having appreciably slackened her speed over the whole sixty-six knots.

Admiral Evans told the builder's representative on board that if another kind of coal had been used than was selected by the builders of the Illinois might have gone three-quarters of a knot faster than she did. But the builders having beaten the contract requirements of sixteen knots as well as the world's record, were content.

The battleship record until today was held by the Wisconsin, 17.12 knots in Pacific waters. The best previous time over the Cape Ann course was made by the Alabama, 17.015 knots.

## FARMERS ANXIOUS TO HEAR PHILLIPS

Members of the Agricultural Congress Wait Over One Day in St. Paul to Hear Him Talk.

St. Paul, June 13.—The members of the Farmers' Congress in convention here are anxiously awaiting the arrival of George H. Phillips, Chicago's corn king. Had it not been for a telegram received from him yesterday afternoon saying he would be here in the morning more than half of the delegates would have gone home last night. The reading of his telegram elicited applause. He is expected to address the convention this afternoon and in the evening he will be escorted to Minneapolis and given a banquet at the West hotel.

Officers of the National association were elected as follows:

President—M. P. Morgan, Graceville, Minn.

Vice Presidents—S. H. Greeley, Chicago; W. J. Dunbar, Oylon City, Wis.; W. N. Allen, Meriden, Kan.

Secretary, treasurer and business agent—J. C. Hanley, St. Paul.

National organizer—N. S. Blair, Ojatta, N. D.

National lecturer—J. S. McDonald, Rush City, Minn.

Executive committee—T. C. Rogers, Whipple, Minn.; Thomas Dodd, North Dakota; L. S. Russell, Ogdensburg, N. Y.; John Yoechel, South Shore, S. D.

## GREAT ATHLETIC EVENT AT BUFFALO

Buffalo, June 13.—The amateur athletic union championship, which opened this afternoon at the Heine American station will be the grandest athletic carnival of the year, bringing together as it does the best men in the United States. All of the representative athletic clubs of the country have entered the best men at their command. Saturday will be a big day when the most of the important finals will be run.

Amos Rehberg returned from a trip to Chicago last evening.

Wisconsin Day at Buffalo.

July 27 will be Wisconsin day at the Pan-American, and Governor La Follette will be there with his staff. His headquarters will, of course be the Wisconsin building and he will deliver a short address. All of the state officers are planning to be there on that day and the occasion will be a memorable one.

Andrew Carnegie an L. L. D.

Glasgow, Jun e13.—The degree of L. L. D. was formally conferred on Andrew Carnegie at the Glasgow university today.

## CUBANS ACCEPT THE ULTIMATUM

Platt Amendment Adopted by a Vote of 16 to 11.

## BREATH OF RELIEF

Speedy Evacuation of the Island by U. S. Troops Is Promised.

## FREEDOM FOR CUBA

Havana, June 13.—After a short session yesterday the constitutional convention voted that the Platt amendment, just as it stands, be added to the constitution. The resolution had a preamble referring to the joint resolution of congress, the treaty of Paris, and the Platt law.

The vote was 16 to 11, Senator Ferrer having come over from the anti-Platt side. Senors Brava and Rivera were away. Senors Gener and Roban were in Havana, but they did not vote. Senator Gener is the object of much adverse and scornful criticism for not voting.

Radicals Made No Opposition.

The radicals made no opposition, they being quite beaten, though Senator Ferrer was the only one to come over. The others, too, would have joined the supporters of the amendment if they thought that was a chance of its being defeated.

Until yesterday many Spaniards, Cubans and Americans hoped that the amendment would be rejected, and thus, perhaps, annexation would come about.

This thought weighed powerfully with the convention. Senors Nunez, Quilez and Sanguilly made a most consistent fight to get the matter through. It is stated that the radicals were more relieved after the amendment had been accepted than were the conservatives.

Causes Relief in Washington.

Washington, June 13.—The adoption of the Platt amendment by the Cuban constitutional convention today without any frills or explanatory notes, while confidently anticipated by the administration, is extremely gratifying, as it removes all doubt as to the status of the island in the immediate future.

There has been some apprehension in official circles that the radical Cubans might obtain enough influence in the convention to secure the rejection of the amendment, and thus force upon congress at the next session the alternative of receding from its position, which would be humiliating, or of repudiating the Teller amendment and annexing the island openly as a colony.

Election in the Fall.

Now that the Cubans have adopted the Platt amendment, the constitutional convention is expected to proceed with the passing of electoral laws and to provide for the selection of legislative and executive officers. The election will be held in the fall after the rainy season. The question of the extent to which suffrage is to be exercised remains to be determined, but the electoral laws will probably be liberal.

General Wood this morning communicated to the war department officially the fact that the Platt amendment had been adopted.

## WANTS TO DIVORCE HIS INSANE WIFE

West Palm Beach, Fla., June 13.—Henry M. Flagler, the Standard oil millionaire, has applied for a divorce under a recently enacted law which makes insanity a cause for divorce. Mrs. Flagler is in a New York asylum. Flagler, it is said, will marry again soon after procuring the divorce.

## BOERS' MINES TO PAY HALF COST OF WAR

London, June 13.—It is reported in government circles that it has been decided to levy two hundred and fifty million on the Transvaal gold mines to pay half of the cost of the South African war. The levy will cause consternation among the Kaffir stockholders, but will be popular with the general public.

## TEXT OF THE PLATT AMENDMENT ADOPTED BY CUBANS YESTERDAY

Washington, D. C., June 13.—The full text of the Platt amendment, which has been adopted by the Cuban constitutional convention, is as follows:

1. The government of the republic of Cuba will make no treaty arrangements with any foreign power which limits or compromises the independence of Cuba, or which in any way permits or authorizes any foreign power to obtain by means of colonization or for military or naval use or in any other manner a hold upon the authority or right over any portion of Cuba.
2. The government of the republic of Cuba will not permit its territory to serve as the base of operation in a war against the United States nor against any other country.
3. The government of the republic of Cuba accepts in its entirety the treaty of Paris of December 1, 1898, both in that it affirms the rights of Cuba and with regard to the obligations specially mentioned as belonging to Cuba, especially with regard to those which international law imposed for the protection of lives and property. Cuba will take the places of the United States which the latter acquired in this sense, in conformity with articles 1 and 10 of the treaty of Paris.
4. The government of the republic of Cuba will recognize as legal the acts of the American military government done in representation of the government of the United States during the period of its occupation for the good government of Cuba, as well as the rights that spring from them in conformity with the joint resolution and amendments to the army bill, known as the Foraker law, or with the laws in force in the country.
5. The government of the republic of Cuba should regulate its commercial relations by means of an arrangement based on reciprocity, and which, with the tendency to a free exchange of their natural and manufactured products would mutually assure the two countries ample special advantages in their respective markets.

## CLOUGH MAKES BELOITERS HAPPY

CHEERS AMBITIOUS BURGHERS WITH FAIR PROMISES.

Says Road Will Be Built from Line City to Delavan; That They Will Get a Power House, and Some Other Things Too Numerous to Mention, if They Are Good.

The Beloit Daily News of last evening has the following in relation to the proposed new electric road:

"We're going to have our power house in Beloit, build to Delavan, run the handsomest cars you ever saw and in all probability install a hot water heating plant, if your city so desires. Moreover we will furnish electric power to your manufacturers at half the cost of similar power furnished now in Chicago."

This was the cheering news given to the Daily News last night by H. H. Clough. The Ohio man dropped into town at four o'clock, hired a rig and with D. H. Fallock drove to Keep Field and saw the snappy college team defeat Northwestern 12 to 0. Then he came down town, rubbed up against a few aldermen and received a pretty fair assurance that his franchise would be extended to fifty years in the view of the fact that he intended to fulfill all the conditions desired, and perhaps more.

**Engineer Hunting Up Ideas**  
"Mr. Knox, who is to superintend the electrical part of our system," said Mr. Clough to a reporter, "is traveling about the country under orders to investigate the most modern power houses and electrical systems in the country, as well as hot water heating plants. It is quite likely that we will spend \$175,000 on the Beloit power house. While I was surprised on investigation to learn that to install a hot water heating plant will cost \$80,000, we will put in one provided we do not encounter too much conservatism here. If fifty houses or stores will agree to take the service we will make the venture. We can provide heat cheaper than the individual can, keep the temperature of a building at 70 degrees whether it be 20 above or 20 below degrees zero, and go away with ashes, coal and a furnace keeper."

**Turns Janesvillians Down**  
Janesville people said to Mr. Clough yesterday that if he would agree to establish the power house in their city they would raise a bonus that would surprise him. Mr. Clough replied:

"There are a lot of good people in Beloit. I've promised to treat them well and the power house is going there."

All of which is received with satisfaction by local citizens and perhaps the Janesville Gazette will discontinue its statements about Beloit "holding up" the electric people.

"The site has been determined upon," said Mr. Clough. "We have given orders for \$200,000 of material double windows as in Pullman cars, with colored glass above. They will be very handsome. We have notified the Thompsons that we will give them heat and power at rates that will surprise them. We will also be able to take care of other vital questions that are now troubling them. The fact is, we do not want that firm to seek other fields, for we are just as much interested in the future of Beloit as anyone."

Mr. Clough stated that the power house would be built before snow flies and that the road would be in operation by March of next year.

## ARMY DESERTIONS ON THE INCREASE

Operations of the Anti-Canteen Law Bid Fair to Deplete the Army Service.

Not only are desertions on the increase at Fort Sheridan, but at every army post in the United States and island possessions, according to government reports. From Fort Sheridan alone the desertions have averaged more than twenty-five every month since February. Last month, while the investigating committee of ministers was making inquiries at the fort and vicinity, men who wore the blue of Uncle Sam were leaving the post in squads to take off their uniforms in some secluded place, exchange them for disguises and flee from the restraints of army life to return no more. These scenes were repeated yesterday and officers at the fort say that if the movement spreads it will not be long ere the ranks will be thinned as though a plague had struck the barracks. Twenty-five desertions a month for one year make 300 deserters. Three hundred deserters from every regiment in the regular army, now numbering 100,000 men, would make the total nearly 25,000 or the entire former strength of the standing army.

**Many Soldiers Deserting.**  
Fort Sheridan officers do not like to give out figures on desertions, but the men themselves are willing enough to tell how many of their comrades are gone.

"And there'll be thirty-five or forty more gone this month," said a member of company H of the Twenty-ninth infantry. "Four men out of our company left last pay day and six out of the company next to ours, company G. They cannot stand camp life these days. If it wasn't for the disgrace of it and the fact

that my mother is living I'd go too." Major Lord, paymaster, paid out \$16,000 to 1,379 men yesterday. Of the number 1,129 belong to the Twenty-ninth regiment. The others are members of Battery D of the Fifth artillery. The size of the commands is due to constant recruiting, without which it would be impossible to maintain the full strength. Most of the soldiers' money was in the hands of Highwood, Waukegan and Chicago saloon keepers before midnight. One hundred men came to Chicago on the 7 o'clock train last evening.

So crowded were the eight Highwood saloons during the afternoon and night that at times it was not possible to reach the bar. Alderman Gibbs' place did a thriving business. Fights were frequent, but so far as learned, there were no attempts at murder, as on the May pay day.

**Gambling and Drunkenness.**  
The woods near the fort were full of drunken soldiers, some of them asleep, the easy prey of thieves who throng the vicinity of the post on such occasions. Gambling was being carried on under the trees. It was a common thing to see a soldier who had lost his entire month's pay at craps, poker or roulette. Sergeant of the Guard Schmitz and his men were busy all night putting drunken and disorderly comrades in the guardhouse. The sergeant said "he believed more than half the enlisted men were drunk."

Officers of the fort were bitter in their denunciation of the canteen law yesterday. Chaplain Vammatt joins the others in declaring the W. C. T. U. bill a terrible mistake. Colonel Van Horne says he believes it a certainty that some member of congress will introduce a repeal bill at the next session.

The war department has been gathering reports from every post commander and these will be used on the floor of congress by the opponents of the present bill. Without exception the commanders state that the abolishment of the canteen has resulted in more drunkenness and disorder than its maintenance. Figures on desertions will doubtless also be compiled in connection with the repeal measure.—Chicago Chronicle.

## HONORS GIVEN TO EMMA W. WINANS

The Janesville Girl Was Most Highly Complimented on Her Valedictory at Kemper Hall.

Miss Emma Wood Winans, daughter of Hon. and Mrs. John Winans of this city, who was graduated from Kemper Hall, Kenosha, with such high honors on Tuesday will doubtless always be able to look back her graduation as one of the brightest and happiest events in her life. Certainly the memories of the occasion will always be cherished with pride and pleasure by those relatives and personal friends who were permitted to share indirectly in the honors which were bestowed on the young valedictorian of her class.

Miss Winans was highly complimented on her valedictory which Sister Margaret Clair declared to be the best valedictory ever given at Kemper hall. This compliment was emphasized by Bishop Nicholson who conferred the diplomas on the graduates and who, in his talk to the class, took occasion to publicly congratulate Miss Winans on the excellence of her part of the commencement exercises.

She was also highly complimented by the Rev. James S. Stone, rector of St. James Episcopal church, Chicago, who delivered the commencement address and by Rev. Marvon, formerly rector of Trinity church, this city, but now chaplain at Kemper hall.

A copy of Miss Winans' valedictory together with a picture of the class, copies of the graduation diplomas and all programs dealing with this year's commencement, was placed in the stone which was sealed up and laid with impressive ceremonies.

Miss Winans has attended Kemper hall for seven years and during that time she has not only received marked recognition for unusual excellence in her school work, but she has also endeared herself personally to the instructors of the school so that the graduation meant a personal sorrow to her friends in the school.

Among those who enjoyed the pleasure of attending the commencement at Kemper hall were Hon. and Mrs. John Winans and Mr. and Mrs. E. T. Foote of this city, C. C. Russell, of Milwaukee, and Mrs. Chapin of Chicago who is one of Miss Winans' personal friends. Miss Winans received many handsome presents as souvenirs of her graduation, some coming from friends in New Orleans.

One of those which she prizes most highly is a handsome diamond ring which was given her by her brother, C. C. Russell. Miss Winans is at home, having accompanied her parents from Kemper hall. She deserves and will certainly receive the warmest congratulations from her many friends.

## MAY FESTIVAL WAS A GRAND SUCCESS

Solos of Miss Peake of Lake Geneva, Pleased the Audience Very Much—Credit to Mrs. W. S. Jeffris.

In spite of the hot weather which enticed people to remain in the shade of their own vine and fig tree last evening, a good-sized audience assembled at the Congregational church to enjoy the festival concert given by the children's choir of the Congregational church and which was repeated by request. While the concert was not the immense financial success as on the preceding occasion, from an artistic standpoint it was even better than the first.

Miss Peake Peake of Lake Geneva was the soloist of the occasion and her magnificent voice was equally delightful in dainty bits of song and in the grandeur of Gounod-Bach's "Ave Maria" which she sang as her closing number with organ, piano, violin and cello accompaniment. Her other numbers were "The Merry Maidens" by Thorne and "Hush My Little One" by Bevinane.

All of the numbers gave Miss Peake splendid opportunity to show the perfect control which she has of her voice and which makes her singing so exceptionally fine. Her voice is not only brilliant, powerful and melodious but it is also soulful and Miss Peake used it charmingly and with rare intelligence. Her every number was "encored" but she only responded once, singing "Cloyer Blossoms" by Clara Rogers. Her piano accompaniments were played by Mrs. W. T. Sherer.

Miss Peake also sang with the little kindergartners in their song "Shimmer Islands" which was so cunning that the audience insisted on and received an encore. The other kindergarten song was also very pleasing.

With the exception of Miss Peake's numbers the program was practically the same as at first. The choruses were splendidly given and fully merited the hearty applause which they received. This was also true of the duets by Ralph Souham and Margaret Jeffris, Mabel Geeser and Hattie DeLisle, Cora Putnam and Agnes Griebel and Chester Morse and Robena Keller. Master Morse and Miss Keller were enthusiastically encored and responded prettily with "The Angel" by Rubenstein.

Chester Morse's solo "The Swallows" and Mabel Geeser's solo "The World's Awakening" were both exquisitely given and both responded to encores. Master Morse gave for his encore "You and I" by Liza Lehman and Miss Geeser sang "Daisies" by C. B. Hawley.

One of the gems of the evening was little Wilna Soverhill's violin solo, "Flower Song" by Lange, her sister, Miss Cora Soverhill, playing her accompaniment. In response to an insistent encore, the talented little violinist played a familiar jig tune which greatly pleased the audience.

On account of the frequent flashes of lightning many people left the church before the concert was over but the rain held off until participants and audience were all safely home, though there wasn't much time to spare.

Mrs. W. S. Jeffris, under whose direction the concert was given, and the members of the children's choir deserve great credit for the successful repetition of so artistic a musical evening.

## Election of Officers.

The Epworth League of the First M. E. church held their semi-annual meeting last evening. The following officers were elected for the following six months: Pres., H. A. Dow; 1st vice Pres., Minnie Winston; 2d vice pres., Mrs. E. F. Hall; 3d vice pres., Mabel Glenn; 4th vice pres., Anna Knights; sec., Laura Kramer; treas., E. F. Hall; chorister, E. Van Pool; organist, Mabel Woodman; ushers, Mattie Jones; Annie Stevens, Annie Knights, Cora Wilhelmy.

A severe sprain will usually disable the injured person for three or four weeks. Many cases have occurred, however, in which a cure has been effected in less than one week by applying Chamberlain's Pain Balm. For Sale by People's Drug Co., and King's Pharmacy.

## AMUSEMENT NOTES.

Friday, June 14, a noteworthy performance and one that should appeal strongly to the patrons of the theater, will take place in the presentation of Clyde Fitch's stirring Revolutionary play, "Nathan Hale." The gorgeous costumes and magnificent scenery that distinguished its original New York production at the Knickerbocker theater, will be brought here complete and the play will be acted by a company, headed by Mr. Howard Kyle, that has been pronounced superb by the play's author, Mr. Fitch. If the flattering comments made elsewhere are true, it should prove a treat. The play is so simple and natural that the sense of reality comes over an audience at once and the interest is kindled and keeps flowing to the end. It is like a bit of Revolutionary life, and at the beginning, and for the course of three acts, the elements of comedy and youthful love brighten the whole action. The consciousness of the war in progress does not fall, and the danger impending is suggested over and over again. But the incidents of every day life fill the stage.

Myers Opera House is cooled with electric fans so that it will be perfectly comfortable during the weeks engagement of the Hortense and Marie Nelsen's company. Cool refreshments will be served each evening to the ladies. A special performance of Carmen will be given one evening during the week. All special scenery and costumes. The opening performance will be Ouida's greatest love story "Under Two Flags" which is

**MARIE NIELSEN**  
now playing its fourth month at the Garden Theatre in New York. Four horses and a band of music are used on the stage in this play. Tuesday evening Maggie Mitchell's great play "Pearl of Savoy" will be the bill. The plays given by the Nelsen's are all staged by J. H. Lewis, stage manager for Wallace's theatre, New York. During the hot weather prices will be 10 and 20 cents—one lady free with every 20-cent ticket on the opening night.

Mothers write us that they have solved the problem of keeping their children well. Give them Rocky Mountain Tea each week. A blessing to mother and child. Smith's Pharmacy, Kodak agents, Next P. O.

## Carpet Selling..

All carpets for miles around must have worn out about the same time, judging from the number we have sold, and the demand is not yet over by any means. We bought an immense lot of carpets early in the year and thought we would have enough to last through the spring season. Since then we have bought many pieces, in fact have been receiving shipments several times each week since May 1st. THE RESULT IS, our stock is in excellent condition now, having a splendid assortment of the very newest patterns in the several grades that we handle. If you need carpets, here's the place to come for them. How about carpets for the new house?

## RUG BUSINESS

Largest and most complete line of RUGS we have ever shown. Over 1,000 rugs to show you. Shapes and sizes to fit in anywhere. Ingrain and Brussels, Ingrain Art Squares, 100 of them. Smyrna and Velvet Rugs in extra large sizes for rooms in place of a carpet, 50 styles; also Moquette and Japanese, large variety. Oriental Rugs, on these we positively save one money. We sell them at a much smaller margin of profit than the large city houses, to which many people can attest. How many dollars extra is it worth to you for the satisfaction of buying in Chicago? It is not for us to say where one shall buy. All we ask is an opportunity to substantiate our claims. Before buying call and be enlightened regarding our stock of ORIENTAL RUGS.

## Mattings.

Have you a summer cottage to furnish? Are there some up-stairs rooms that need a new floor covering? So many rooms for which matting is just the thing. 200 rolls of matting to show, plain and fancy, all matting and cotton warps. Prices within easy reach.

## BAG TOPS

A new lot of them just received from New York. We have all the materials necessary for making the "fad" purses. Have had some trouble keeping the "tops" in stock, ours are so desirable. Plenty now.

## Folding Jap. Fans

From Vantine & Co., New York, the largest importers in America of Oriental Novelties. We bought about 700 Japanese folding paper fans comprising some beautiful creations in light and dark fans, prices start at 3c and end at 40c. The decorations on them are very late and distinctly Japanese. Lovely fans at 10c, 15c, 25c. and so well made.

## Turkish Towels

Headquarters for turkish bath towels. We emphasize a lot that we offer at 12 1-2c. Not every day can such a bargain be found, being worth about double what we ask. Have great values in turkish towels at 25c. After the bath a good Turkish towel's the thing.

### Horse Sense.

"Any fool can take a horse to water, but it takes a wise man to make him drink," says the proverb. The horse eats when hungry and drinks when thirsty. A man eats and drinks by the clock, without regard to the needs of nature. Because of careless eating and drinking "stomach trouble" is one of the commonest of diseases. Sour and bitter risings, belchings, unnatural fullness after eating, dizziness, headache, and many other symptoms mark the beginning and progress of disease of the stomach.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures through the stomach diseases of other organs which have their origin in a diseased condition of the stomach, and allied organs of digestion and nutrition. It strengthens the stomach, purifies the blood, cures obstinate cough and heals weak lungs.

"I was taken with Grippe, which resulted in heart and stomach trouble," writes Mr. T. R. Caudill, Montand, Alleghany Co., N. C. "I was unable to do anything a good part of the time. I wrote to Dr. Pierce about my condition, having full confidence in his medicine. He advised me to take his 'Golden Medical Discovery,' which I did. Before I had finished the second bottle I began to feel better. I have used nearly six bottles. I feel thankful to God for the benefit I have received from Dr. Pierce's Golden Medical Discovery. I can highly recommend it to all persons as a good and safe medicine."

Every woman loves to think of the time when a soft little body, all her own, will nestle in her bosom, fully satisfying the yearning which lies in the heart of every good woman. But yet there is a black cloud hovering about the pretty picture in her mind which fills her with terror. The dread of childbirth takes away much of the joy of motherhood. And yet it need not be so. For sometime there has been upon the market, well-known and recommended by physicians, a liniment called

### Mother's Friend

which makes childbirth as simple and easy as nature intended it. It is a strengthening, penetrating liniment, which the skin readily absorbs. It gives the muscles elasticity and vigor, prevents sore breasts, morning sickness and the loss of the girlish figure.

An intelligent mother in Butler, Pa. says: "I used Mother's Friend again, I would obtain 9 bottles if I had to pay \$5 per bottle for it."

## UNWISE STEWARDS.

The six aldermen that are now engaged in blocking railroad enterprise may be honest in their opposition, but if so, they are certainly very unwise in judgment.

The lowering of the grade on Prospect avenue, to accommodate the needs of the railroad company, is not a question of damage to either the city or citizen. The vacation of the street from Bluff to North Main is necessary, would not be a serious loss to either, but this is not asked for.

The company has expended \$20,000 for a site, expecting that the city would permit its use. It is not only unfair to the road, but it amounts to a piece of injustice on the part of the opposing aldermen, that public sentiment is not slow to condemn. There is another side of the question, that these six men, clothed with temporary authority should take into account, and that is, the injury being done to the city. There is no disposition to tolerate this sort of nonsense at a time like the present, when prosperity and enterprise are in the air, and when every resource that contributes, should be encouraged.

The railroads, doubtless through self-interest, are spending money freely in Janesville. They are entitled to all the help that the city as well as the citizens, can render, for every dollar they invest adds to the permanent wealth and prosperity of the city.

Alderman McLean, the recognized leader of this faction in the council possesses great ability as a leader, and much of his work is helpful to the city. He couples with enterprise, executive ability, and is usually on the winning side but the fifth ward alderman is open to severe criticism along some lines that the public tolerate because of ignorance. Alderman McLean is in no position to pose as an obstructionist and unless he is prepared to give a good reason for the attitude he now assumes, the public will not tolerate it very patiently.

The railroad must have trackage for a freight depot, and they should not be compelled to put this trackage on Main street. It belongs back of the building as planned, and there is no reason why it should not go there.

The council is elected to serve the interests of the city and not to oppose them.

It is about time for the opposition to get into line.

## THE MONROE DOCTRINE.

Senator Lodge seems to have stirred up a hornet's nest in his speech at Buffalo.

In it he laid great stress on the fear that Germany had secret designs on a coaling station in the Caribbean, and a colony in Brazil. The New York Staats-Zeitung—the most influential German paper in America, states our opinion precisely when it calls the senator's fears as childish and unfounded, as Germany has no idea of acquiring American territory.

"But if those reports were true we should not hesitate a moment in taking our stand against such undertakings. The Monroe Doctrine may be abused and misrepresented, but one of its principles must never be abandoned, namely that no European power can be permitted to increase its influence upon the American continent. The fact is recognized by all countries, and they should let it be known that Germany or any other European country has no intentions to violate the Monroe Doctrine."

Such opinions coming from the leaders of perhaps the most respected and most helpful foreign population in America, with regard to the attitude of their own fatherland is commendable indeed, and shows first that their judgment is fair and unbiased and loyal to the country of their adoption, second, the respect and love they have for the United States which has done so much to ameliorate the condition of all foreigners seeking her ports.

## THE THIRD TERM SPECTRE.

William McKinley has always been able to arouse universal admiration and unbounded enthusiasm in the performance of his duties as a public servant. This admiration and enthusiasm seems to have gotten the better of the cool judgment of some of our statesmen and politicians. There is no one now we would prefer as president to Mr. McKinley, but he has nearly four years to serve before the office is filled again, during that time several men may prove themselves better suited to rule our country than Mr. McKinley, though we doubt it.

Much has been said of precedent and an unwritten law against third terms. This is all bosh, for Americans obey no unwritten laws, and

if in three years from now Mr. McKinley is the best man for president, he will be nominated and elected.

Unwritten laws are well enough for England and European countries, that change very little in a century, but the strength and virility of the United States demand rapid changes in conditions, and passing decades witness as great changes here as centuries do abroad.

There is probably no presidential aspirant who ever thinks of the possibility of a crown at Washington, and certainly the mass of people have more conservative ideas than the average individual. Our ancestors came to America to escape the crown and its attendant evils, and will they establish one where freedom is possible to all? Does any Mexican ever expect Diaz to assume a crown, and yet he will continue to be re-elected so long as life lasts; simply because he is the strongest man in the country for the position. So it will be for McKinley and a third term. He may not want it; neither did Roosevelt want the vice-presidency, but the people had a right to demand his services, and he bowed to their will. If Mr. McKinley is the strongest man in the country for president three years from now he will be nominated, with no fear of his assuming a crown and a throne.

It would have been detrimental to this country to have changed presidents last year, even if it had been the third term, because of the condition of our relations with foreign countries and our colonies; such a crisis may come again and who will vote for the substitution of an unknown quantity for a known one under these circumstances.

## JUSTICE VS. FAITH CURES.

Judge Tutthill of Chicago has struck a blow at Christian Scientists by his decision that all children of those who believe in faith cures etc., shall be committed to some institution for medical treatment, with or without the consent of parents.

This is an important step, as it is evident there is little difference between a desperately sick child and an adult in the same condition. Neither is in a position to determine what is best, and so in reality the decision is a severe blow to the mind cure doctrine. When a parent neglects his children, others have a right to step in and protect them; this kind of cure or treatment is considered a form of neglect and should be treated in similar manner.

## FALSE ECONOMY.

Chicago's magnificent new post office building is being cheapened by the substitution of sham or sectional pillars in the place of true monoliths. The imposing monoliths were none too good for the private building of the Illinois Trust and Savings Bank, opposite the Board of Trade; but they seem to be too good for one of Uncle Sam's most extensive and costly buildings. This is one of the results of the methods of the post office department; namely the saving of a few dollars in every way possible, without regard to aesthetic principles. Every crack or seam in these pillars is an opportunity for decay and chipping which will soon destroy their beauty, if not their stability.

Dr. Harper's plan of scattering parts of Chicago University over Europe, has set London to thinking. Dr. Walker, master of London's most famous school, ridicules the idea and says, youths of American globe trotters lack capacity for learning and culture. This may be true of some, but not of all; any way they will compare favorably with sons of English nobility who have visited America.

The retirement of Chief Swenie of the Chicago fire department; ends the fifty-five years of faithful service of one of the most successful fire chiefs in America. The sad part of his retirement is the lack of appreciation shown by a refusal to pension him adequately for the remainder of his life.

Frederick Harrison is up against Mr. Aubrey now; but as he has the Chicago public at his back we do not look for any fatalities. Mr. Harrison thinks Chicago is full of culture, art and intellect; while Mr. Aubrey found only "silent vacancy."

The fellowship established at Ann Arbor by the Pilgrim Press, in English is a move in the right direction. The literature of the country should conserve the purity and cleanness of our mother tongue; let us have more of such fellowships.

The attitude of Chinese converts during the Boxer troubles should convince the thinking critics of our missionary system, that their influence is more than skin deep, and that those converts are not all of them Christians simply for their stomach's sake.

This weather has started the picnic habit to growing with its trail of egg shells and sandwich remnants. The out-of-door-ness of the picnic habit is the charm that attracts all alike.

The reason that some American built locomotives are unsatisfactory is because they were built after English plans and specifications, and not according to the American plan.

## BLIND-GO HOME; SCHOOL IS CLOSED

CLOSING HOURS OF THE STATE  
SCHOOL ARE PATHETIC.

No Graduating Classes This Year—  
Mr. Bliss Says "Good Bye" to the  
School, After Six Years of Service—  
Recognized as a Friend by the  
Entire Household.

The State School for the Blind which for the past six years has been under the supervision of Mr. H. F. Bliss, a Janesville business man, closed the fifty-first year of its history yesterday, and the night and early morning trains carried the scholars to their homes scattered over the state, the railroad companies very kindly furnishing transportation as has been their custom for many years.

There was no graduating class this year and the only exercises were the usual morning service when the superintendent had the pleasure of addressing the school for the last time, as he failed of re-appointment to make place for a "trained educator" who will shortly succeed him.

### Worked Together Harmoniously

The little company of teachers and scholars who have worked together so harmoniously for half a dozen years showed their love and appreciation in ways that indicated that it was genuine and spontaneous. Mr. Bliss impressed upon them the importance of character building as the greatest of all accomplishments and urged them to show to his successor the same spirit of loyalty that he has so long enjoyed. He closed his talk, that was listened to so earnestly, with a little forecast of the future containing the following thought coupling the life beyond with the present:

### A Little Vision

My thoughts, which for many days have been more or less disturbed, wandered out in dreamland last night, and as I stood in the shadow of a great elm that stretched its branches far and wide, covering the grassy knoll with refreshing shade and sheltering the little brook that went singing down through the willows and sparkling in the sunshine that peeped through the foliage, there came from over the hill the strains of music—indistinct at first but growing in volume as it came near. As I listened intently I caught the familiar words:

"There is sunshine in my soul to-day," and then the little company came in sight, and as they gathered around me I recognized familiar faces and yet so changed that I hardly knew them, for every face greeted me not only with a smile and glad "hello," but two bright sparkling eyes looked into mine, and when one of the company stepped forward, and with a warm clasp of the hand, asked, "Don't you know me?"

I said, "Yes, thank God, I do." And then I mingled with the little throng and listened to the old, familiar voices, ringing with joy and glad thanksgiving. I said:

"Where did you come from, and is everybody here?" and they said, "We have been watching many bright mornings down by the gate, and every now and then the gate swung in, we have been the first to say 'Good morning' to the friends of long ago. This morning we all went down to meet Mamie and Oscar, and now the little company that you know so well back in the years are all here without the loss of one, and we live in beautiful mansions scattered over the great city of the New Jerusalem, and we are so busy trying to make everybody happy that every day is a day of gladness and bright anticipation."

I looked the little company over carefully and everyone was there, and I said, "This must be Heaven, and out of the sorrows and disappointments of the life down there this little band of faithful workers have wrought out a destiny and won an inheritance that will abide forever."

Take home the little thought and live for the inheritance, and some bright morning of this century we will open glad eyes in the land of promise whose beauties no pen can picture or no imagination conceive. If you would win the largest success and enjoy the priceless reward, be true to yourselves, true to God, and the prize is yours.

### Sociable in the Evening

A sociable was held in the evening when the superintendent and his wife were surprised by finding in their rooms an elegant leather-covered couch with the following pleasant reminder:

"Our dear Mr. and Mrs. Bliss: We hereby reserve a seat for ourselves in your new home. Your Household."

The gift, so unexpected, and touching every member of the household was a mark of appreciation that must prove a great source of satisfaction to the retiring superintendent and his wife.

Mr. Bliss will return to the city and engage in active work on The Gazette of which he has been manager for the past twenty years.

Public opinion is strongly of the belief that he may lose his official head because he possessed the hardihood to stand on his feet and oppose public measures, that he could not consistently endorse.

## MISS MARION SCOTT SLIGHTLY BETTER

She is suffering from Typhoid-Pneumonia, and There is Still Considerable Congestion.

The many friends of Miss Marion Scott, daughter of Mr. and Mrs. Robert Scott, and a member of this year's graduating class, will be pleased to know that the critical point in her illness was reached yesterday afternoon and that she is slightly better although the danger is not entirely past.

Yesterday morning a consultation of physicians was held. Miss Scott's condition being so low that all hope of her recovery was abandoned. The treatment tried seemed to be of no avail but at three o'clock in the afternoon there was a change for the better. Miss Scott is suffering from typhoid pneumonia and there is still considerable congestion which interferes with the action of the heart. She will not be out of danger for a few days yet and after that she has several weeks of illness before her.

Miss Scott had been in ill health for some time and had kept at her school work only by her determination to finish with her class. She insisted on taking her part in the commencement work and was to have given a recitation on Thursday evening, but on that day her over-taxed constitution gave way and she broke down completely. The disappointment at not being able to receive her diploma with her class added to her weak physical condition gave the disease a firm hold and she has been dangerously ill from the first. Since Thursday she has been delirious, her mind dwelling continually on the High school and commencement. The delirium is being broken up, however, and only comes at intervals now.

Miss Edna Rogers, the other graduate who was deprived of the final pleasure of commencement by illness is much better and is able to sit up. Miss Rogers suffered a recurrent attack of appendicitis.

## NARROWLY AVOIDS BAD ACCIDENT

Charles Schaller Came Near Being in a Mix-Up with a Trolley Car This Morning.

Charles Schaller came near having a bad mix-up with one of the street cars this morning on West Milwaukee street. Fortunately the car was stopped before any serious damage was done.

Mr. Schaller was driving up West Milwaukee street in one of his laundry wagons and was going at a good rate of speed when he reached Bassett & Echlin's store. He suddenly turned and attempted to cross the car tracks to the south side of the street.

A street car in charge of Motorman Kelly was going west and was almost even with Schaller when he turned across the track. Motorman Kelly shut off the current and put on his brake stopping the car in a short distance and just as it struck the wagon.

The front end of the car caught the rig just before the front wheels pushing it along for a short distance but doing no damage.

Motorman Kelly was not looking for Mr. Schaller to turn across in front of his car but fortunately was able to stop it quickly or a large amount of damage might have been done.

## Try to Keep Jones Alive.

New York, June 13.—Valent Jones, the self-confessed murderer of the aged millionaire, William M. Rice, and the witness relied upon for the conviction of his alleged accomplice, Lawyer Albert T. Patrick, is kept alive, it has been learned, solely by the administration of peptonoids in lithia water. His mental condition makes his recovery impossible, physicians say.

## G. A. R. Veterans in Session.

Flint, Mich., June 13.—There are 1,500 old soldiers and their friends attending the G. A. R. department encampment and W. R. C. state convention in this city. Both orders are in a flourishing condition. The G. A. R. department fund amounts to \$1,289.79, with no indebtedness.

## School Principal Enjoined.

Council Bluffs, Iowa, June 13.—Postmaster Traynor has secured an injunction restricting Principal F. C. Ensign of the high school from interfering in the annual election of the High School Cadets. Ensign refused to let the recently suspended students participate in the election.

## Collector Appointed.

Washington, D. C., June 13.—The President has appointed Edward R. Callister collector of internal revenue for the district of Montana.

## Mrs. McKinley in Her Chair.

Washington, June 13.—After the consultation of Mrs. McKinley's physicians the following statement was issued: "Mrs. McKinley's physicians report that she continues to show improvement and spend part of the day in her rolling chair."

Milwaukee, Wis., June 13.—A rumor to the effect that the City of Ironwood, Mich., was destroyed by a cyclone is in circulation in this city, but all attempts to verify the rumor have proved fruitless.

Minister at Denver, in illustrating a psychological lecture, united two couples in marriage which they supposed was a farcical ceremony.

## THE FIRE RECORD.

## Lightning Havoc Follows Heat.

Chicago, June 13.—At the climax of hours of extreme heat yesterday an electric storm struck the city at 6 p. m., numerous accidents following in its train. In the path of the storm lightning struck St. Bartholomew's Episcopal church at Sixty-seventh street and Normal Parkway, and caused damage amounting to \$10,000. In South Chicago the residence of Fire Marshal M. R. Driscoll was shattered by a bolt just as the marshal himself was preparing to answer a call with the department to another residence which had been set on fire by the lightning. The fire marshal was stunned and left unconscious by the stroke.

## Gen. Tracy's Home Burned.

Binghamton, N. Y., June 13.—The village of Apalachin was completely destroyed by fire yesterday morning. The summer residence of General Benjamin F. Tracy was among the houses burned.

## TELL OF SOUTH'S WEALTH.

## Delegates Discuss Industrial Problems at Philadelphia Convention.

Philadelphia, June 13.—Two important topics occupied the attention of the delegates to the southern industrial convention at the morning's session. "The relations of the southern states to the productive wealth of the nation" was discussed by the governors of the various states or their representatives. The speakers set forth the resources of their states for the investment of capital and inducements offered to settlers. Specially appointed delegates presented "The industrial and commercial advantages of cities of the south." The attendance was larger than that of yesterday.

## Saves Congress Some Work.

Helena, Mont., June 13.—Gustavus Schriekengast has taken a pauper's oath and thereby relieves congress of the necessity of passing a special enactment to remove him from the Montana state penitentiary, where he has been for five years. He was also fined \$500 for counterfeiting. After completing his term several months ago he declined to take the pauper's oath, securing a remittance of the fine and his liberty, because Idaho officials wanted him for highway robbery. Having been convicted in the federal courts congress was to have been appealed to this winter to order his discharge.

## Four Meals Now in Fashion.

New York, June 13.—An observant uptown restaurant man is authority for the statement that a vast army of New Yorkers are no longer content with the three meals a day which satisfied their forefathers for centuries. He says that the class is rapidly growing, and that the fourth-meal habit will become general unless indigestion or some kindred ill steps in to the contrary. The fourth meal is eaten between 10 and 12 o'clock at night, and the proper meal order seems to be breakfast, luncheon, dinner, and supper.

## Ball Storm Hits Oshkosh.

Oshkosh, Wis., June 13.—Oshkosh was wind-swept and ball riddled in the afternoon. Hundreds and probably thousands of windows were broken, shade trees laid prostrate, and buildings wrecked. The path of the storm was about a mile in width and it swept through the Second, Eighth, Fourth, Seventh, Fifth, and Tenth wards, doing great damage.

## New Redwood Corporation.

San Francisco, June 13.—According to a report a company has been formed on the Pacific coast, with a capital of \$15,000,000, for the purpose of controlling the redwood market. Redwood is shipped from California extensively to Japan, China, Hawaii, and England. In those countries it is used for building purposes.

## Held for Murder of Mother.

Philadelphia, Pa., June 13.—John Higginbotham was committed to prison charged with the murder of his mother, who was beaten so badly in her home, 3216 Chestnut street, that she died of her injuries. Higginbotham is believed to be losing his mind.

## Men Wearing Corsets.

New York, June 14.—Dealers in men's clothing here say that the corset habit is rapidly growing among their patrons. A few proprietors of "to order" furnishing goods emporiums admit that "a few" of their customers wear this waist accessory.

## Killed in Runaway Accident.

St. Anthony, Id., June 14.—Mrs. Lilla Pratt of Edmonds, Id., was killed and Miss Lucas, daughter of Bishop Lucas, seriously injured in a runaway accident while the two young women and Bishop Lucas were returning from a drive to Rexburg.

## New Diamond Match Move.

Akron, Ohio, June 14.—It was learned to-day from an official of the Diamond Match Company that a consolidation of the English branch of the company with the Bryant & May Company will be effected in the next few weeks.

## WHAT CAUSES DEAFNESS.

The Principal Cause is Curable but Generally Overlooked.

Many things may cause deafness, and very often it is difficult to trace a cause. Some people inherit deafness. Acute diseases like scarlet fever sometimes cause deafness. But by far the most common cause of loss of hearing is catarrh of the head and throat.

A prominent specialist on ear troubles gives as his opinion that nine out of ten cases of deafness is traced to throat trouble; this is probably overstated but it is certainly true that more than half of all cases of poor hearing were caused by catarrh.

The catarrhal secretion in the lungs and throat finds its way into the Eustachian tube and by clogging it up very soon affects the hearing and the hardening of the secretion makes the loss of hearing permanent, unless the catarrh which caused the trouble is cured.

Those who are hard of hearing may think this a little far fetched, but any one at all observant must have noticed how a hard cold in the head will affect the hearing and that catarrh if long neglected will certainly impair the sense of hearing and ultimately cause deafness.

If the nose and throat are kept clear and free from the unhealthy secretions of catarrh, the hearing will at once greatly improve and anyone suffering from deafness and catarrh can satisfy themselves on this point by using a fifty cent box of Stuart's Catarrh Tablets, a new catarrh cure, which in the past year has won the approval of thousands of catarrh sufferers as well as physicians, because it is in convenient form to use, contains no cocaine or opiate and is as safe and pleasant for children as for their elders.

Stuart's Catarrh Tablets is a wholesome combination of Blood root, Guaiacol, Eucalyptol and similar antiseptics and they cure catarrh and catarrhal deafness by action upon the blood and mucous membrane of the nose and throat.

As one physician aptly expresses it: "You do not have to draw upon the imagination to discover whether you are getting benefit from Stuart's Catarrh Tablets; improvement and relief are apparent from the first tablet taken."

All druggists sell and recommend them. They cost but fifty cents for full sized package and any catarrh sufferer who has wasted time and money on sprays, salves and powders will appreciate to the full the merit of Stuart's Catarrh Tablets.

## NEWS AND NOTES OF BADGER STATE

The fact that a woman does not wish to do housework is no reason for deserting her husband, according to a decision by Judge Fish at Kenosha. William Schnellling had a suit in the court asking to be divorced from his wife on the ground of desertion. The wife claimed that her husband wanted her to do housework, and thought this sufficient reason to leave him. The judge said not, and the divorce was granted. The wife is but 19 years of age and is at present living in Chicago.

Merrill is to have a special election on June 13 to fill the office of mayor, made vacant by the death of H. W. Wright. The candidates mentioned are John Prosser, president of the present council, and A. H. Stange, former mayor. It is another fight between the residents of the East and West sides.

A little tot, 18 months old, son of Joseph Steersa, was instantly killed near Haugen by the early morning limited on the Omaha while attempting to cross the track ahead of the train. The parents are heart broken, as it was their only child.

The mammoth petition which has been circulated by the Good Government league concerning the closing of saloons on Sundays and also preventing the sale of intoxicating liquors to minors, is now in the hands of Mayor Boschert of La Crosse. The petition has 707 signers, of which 315 are voters and the balance are citizens over 18 years of age. It asks that the resolution passed by the former council July 1, 1900, providing for the orderly maintenance of saloons, etc., be continued by the present council.

Lawrence students fell into the hands of bunco steersers while attending a wild west show at Appleton and lost considerable money. It was the old trick of selling envelopes in to which money had apparently been placed in full view of the crowd.

### EASTERN STAR EXCURSION.

Picnic to Long Lake, Ill., on the New Line of the C. M. & St. P. Ry.

The first excursion over the new line of the C. M. & St. P. Ry will be run to Long Lake, Ill., Tuesday, June 18 under the auspices of the Eastern Star. Special train will leave Janesville at 8:15 a. m., returning leave Long Lake at 6 p. m. The Eastern Star extend an invitation to everyone to join them on this excursion. The rate for the round trip will be \$1.25.

### Unnecessary Loss of Time.

Mr. W. S. Whedon, Cashier of the First National Bank of Winterset, Iowa, in a recent letter gives some experience with a carpenter in his employ that will be of value to other mechanics. He says: "I had a carpenter working for me who was obliged to stop work for several days on account of being troubled with diarrhoea. I mentioned to him that I had been similarly troubled that Chamberlain's C. C. Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the druggist here and informed me that one dose cured him, and he is again at work. For sale by People's Drug Co., and King's Pharmacy.

You may as well expect to run a steam engine as to find an active, energetic man with a torpid liver and you may know that his liver is torpid when he does not relish his food or feels dull and languid after eating, often has headache and sometimes dizziness. A few doses of Chamberlain's Stomach and Liver Tablets will restore his liver to its normal functions, renew his vitality, improve his digestion and make him feel like a new man. Price, 25 cents. Samples free at People's Drug store and King's Pharmacy.

Special Train to Freeport, Ill., and Return, via C. M. & St. P. Ry.

## STEALS CHARLIE ROSS' COUSIN

Mystery Surrounds the Enticing Away of a Thirteen-Year-Old Lad.

Atlantic City, N. J., June 13.—Mystery surrounds the alleged kidnapping of Eddie Ross, thirteen years old, son of William Ross, second cousin of the father of Charlie Ross, the lad kidnapped from Philadelphia many years ago.

It is charged that Gideon Smithson enticed the boy away from home and took him from the city. The boy's father reported his son's absence, and search was made without avail. It was learned that Eddie had been seen in the company of Smithson. Mr. Ross at once swore out a warrant charging Smithson with kidnapping. Smithson and the boy were found at Egg City Harbor and brought back here.

There is a story that Smithson aspired to the hand of a young woman relative of the boy, and that the lad was stolen in revenge because she married another man.

### Shoots Her at Arm's Length.

Des Moines, Iowa, June 14.—Elijah Heathcote, a contractor, entering the apartments of his wife in the Darrow block shortly after midnight last night, and grabbing her held her at arm's length while he fired the contents of his revolver into her body. Four bullets took effect.

Heathcote accused his wife with being in love with another contractor. The couple had quarreled frequently of late and only two weeks ago the husband was arrested at the instigation of the fire for having threatened to kill her. Heathcote is now in jail, while his victim is at the hospital at the point of death.

### General Naval Board Called.

Washington, June 14.—Admiral Dewey has called a meeting of the general board of the navy at Newport the latter part of this month. This board has charge of general questions of policy and of naval strategy, and their assembling at Newport will be in connection with the strategic problems before the naval war college.

This year the problems are of more than usual interest, and they will be given a practical application by the presence of ships of the North Atlantic squadron.

### Sponges Growing Scarce.

New York, June 14.—New York sponge dealers are wondering what is going to become of their business. The supply of sponges is not increasing, while the demand is growing larger every year. Five years ago the price of sponges began to go up, and this season's quotations show a rise of nearly 100 per cent over the prices of 1895 and 1896. Many varieties cost the buyers on the fishing grounds more to-day than they formerly sold for in local markets.

### Identifies Headless Body.

Lowell, Mass., June 14.—The woman whose headless body was found in Chelmsford woods last Sunday and whose head was found yesterday, was identified to-day as Mrs. Blondin of Boston.

The identification was made by Mrs. Margaret Casey of Lawrence, sister of Mrs. Blondin. The dead woman married Mr. Blondin, a French-Canadian mill operative, last February. It is not known where the man is at present.

### Leaves O'Ga Netherstone.

New York, June 13.—Marcus R. Mayer has at last found something tangible on which to levy, for yesterday he attached the sum of \$700 which Miss Olga Netherstone had carelessly left on deposit in the Second National Bank. Mr. Mayer, who was Miss Netherstone's manager, had a dispute with her and brought suit against her for \$10,000 for salary and share of the profits of "Sapho." He was awarded \$3,197.

### Mail Sacks Found in Rubbish.

Key West, Fla., June 13.—Five bags of mail were found among a lot of old rubbish in the store room of the United States court. The mail was taken off the steamer Panama when she was captured during the Spanish-American war and has been in the store room ever since. The mail is from New York and two bags are for Havana and three for Progresso, Mexico.

### Gift to Provident Hospital.

Freeport, Ill., June 14.—The will of the late Dr. W. S. Caldwell, it was announced to-day, provides that Provident Hospital of Chicago shall receive the residue of his estate, estimated at \$50,000. St. Francis Hospital and the Orphans' Home of this city receive \$10,000 each, and the public library \$2,500. Mrs. Caldwell and daughter are given \$100,000 each. The estate is estimated at \$400,000.

### Slayer, Hunt Starved, Yields.

Memphis, Tenn., June 13.—Emaciated by exposure and lack of food, after being pursued for four days through swamps and canebrakes, Joe H. Wright, 34 years old, wanted at Covington for the murder of Albert Brumley and mortally wounding A. J. Hunt, surrendered to the Memphis police.

### Indians Reported Killed.

Phoenix, Ariz., June 13.—A meager report reached here today that three Indians were killed in the mountains near Holbrook, in northern Arizona, by cowboys, who are said to have discovered them stealing cattle.

### Death List Now Eighteen.

West Newton, Pa., June 13.—The death of Harvey Beveridge at the McKeesport hospital last night brings the total number of fatalities of the Port Royal mine disaster up to 18.

### Honor to Ireland from Yale.

New York, June 13.—The degree of LL. D. has been offered to Archbishop Ireland by Yale.

Buffalo, N. Y.

C. D. Gregg Tea & Coffee Co.,  
Chicago and St. Louis.

Buffalo, N. Y., Jan. 10, 1901.

Gentlemen:

I enclose you contract for the supply of coffee for the Bailey Catering Company, at the Pan-American Exposition, to be held in Buffalo during the coming summer. In the selection of your coffee, in competition with samples submitted by a number of the largest Importers and Roasters in the country, I have been governed entirely by the quality of the same. My experience with the coffee supplied to me during the past year or so by your house has been so uniformly satisfactory that I feel that I could do no better than to complete this arrangement with you. The amount of coffee which this involves will probably amount to as much or more than has ever been supplied to one consumer in the same length of time, and I congratulate you upon your enterprise in having secured this contract.

Very truly,

## YAQUIS INDIANS CAPTURE A TOWN; CABORCA, MEX., HAS SURRENDERED

Band of 200 Mounted Men Besieged the Place for One Week—Fifty Mexican Officers and Soldiers and 12 Civilians Were Killed.

Torin, Rio Yaqui, June 13.—Details of the capture of the town of Caborca, located seventy-five miles northeast of Torin, were brought by Anastacio Torres, nephew of General in Chief Luis E. Torres. The Yaquis, who captured Caborca, were under the command of Fierro. This fact does away with the erroneous report that Fierro was killed at Ontejerita three months ago, as well as the sensational rumor that Fierro and the Apache Kid were one and the same.

Fierro's band of Yaquis numbered 200, all mounted. The attack on Caborca was commenced May 8, the operations lasting just one week. At Caborca were 200 Mexican troops and about 100 civilians. A fortified garrison gave the advantage to the Mexicans.

Firing was commenced by the Mex-

cans before the Yaquis were within a mile of the town. Many Yaquis dropped from their horses. Close upon Caborca they were met by a strong fire. The struggle was maintained until dark, when the Yaquis withdrew. There was no advantage with either side. Assaults were made upon the town by the Yaquis for three succeeding days, but in vain.

May 14 a party of Yaquis who had defended the road rejoined Fierro. After the arrival of these reinforcements the Yaquis maintained fighting throughout the night and until 10 o'clock the next morning, when the citizens surrendered. The town has since been garrisoned by Yaquis.

There were fifty Mexican officers and soldiers, twelve civilians, five women and three children killed in the fight for Caborca. It is not known how many Yaquis were killed.

## PROGRAM FOR THE GOLF TORUNAMENT

The Events for the State Competition Have Been Scheduled—Grounds Are in Good Shape.

The program of events for the Wisconsin State Golf tournament to be held on the links of the Sniessippi Golf club of this city, July 18, 19 and 20, is about ready for distribution. The events for the three days and their order of play is as follows:

THURSDAY, JULY 18.

9:00 A. M.—Qualifying round, eighteen holes. The first sixteen to qualify for the Wisconsin State Championship Cup. The second sixteen to qualify for the Consolation Cup.

There will be prizes for the runner up in each of these events, also for best score made in qualifying round.

2:00 P. M.—First round of match play, eighteen holes, for Championship Cup.

2:45 P. M.—First round of match play, eighteen holes, for Championship Cup.

2:45 P. M.—First round match play, Consolation Cup.

FRIDAY, JULY 19.

9:00 A. M.—Second round of match play, eighteen holes, for Championship Cup.

9:30 A. M.—Second round of match play, eighteen holes, for Consolation Cup.

2:00 P. M.—Semi-final round of match play for Consolation Cup.

SATURDAY, JULY 20.

9:30 A. M.—First round of finals, eighteen holes, for Championship Cup.

9:45 A. M.—First round of finals, eighteen holes, for Consolation Cup.

1:30 P. M.—Last round of finals, eighteen holes, for Championship Cup.

1:45 P. M.—Last round of finals, eighteen holes, for Consolation Cup.

2:30 P. M.—Driving, approaching and putting contests. Prize for the winner in each event.

All that is necessary to put the grounds in first class shape is rain.

All of the bad holes in the ground have been filled and seeded. A number of good rains would bring up the grass and settle the dirt so that the number of filled spots would make very little difference with the play.

On account of the lack of rain the grass on the putting greens has not come up as soft and velvety as usual and makes sure work on the greens hard to count on.

The fair green is in first-class shape. It is very seldom that a bad lie is encountered when the ball is kept in the course. The two bunkers put in between holes one and two and six and seven are about complete. The finishing touches now being put on them and the sand filling is being drawn in.

Robert Taylor, the professional will arrive next Monday and will then take charge of the grounds and see that they are put in the best possible shape for the tournament. Hours for lessons with Mr. Taylor may be reserved by leaving your name with Secretary J. P. Baker.

The score to qualify for the Richard medal must be handed to Secretary Baker on or before June 17th.

## NEWS OF THE CITY IN BRIEF

Miss Emma Zahn of Watertown is visiting friends in this city.

Cornelius Buckley of Beloit is in the city today on legal business.

F. L. Stevens leaves today for Lansing, Mich., for a few days' visit.

Dr. W. H. Borden of Milton and H. B. Johnson of Beloit are in the city today on business connected with the pension board.

Mrs. C. B. Fifield and Miss Harriet Fifield left this morning on the 10:10 for a three weeks visit with relatives in Boston.

Miss Emma Kirchoff of 211 Prairie avenue entertained a party of young people at her home last evening in honor of her guest, Miss Emma Zahn of Watertown.

Remember the first excursion over the new line takes place to Long Lake Tuesday, June 18th. Special train leaves at 8:15 a. m.

The first excursion over the new line will take place Tuesday, June 18 when the Eastern Stars and their friends go with a special train to Long Lake, leaving the city at 8:15 a. m. Returning leave Long Lake at 6 p. m.

Misses Nellie and Amy Bowles left yesterday morning on the 10:10 for Boston on the Y. M. C. A. excursion.

S. Trulson today received a cablegram from his son, Dr. L. M. Trulson announcing the safe arrival of Dr. Trulson and his wife in London.

Officers at Belvidere succeeded in arresting two of the three men that

held up and robbed Dick Hogan of this city in Beloit on Tuesday. The man that got the money succeeded in getting away. Chief Appleby of Beloit has gone after the men and hopes to bring them back without getting extradition papers.

Thomas M. Nolan, the groceryman, was notified this morning that the jury in his case against the Milwaukee Street railway company had found for Mr. Nolan, the plaintiff, in the sum of \$4,000 damages. The verdict stated that the jury found the company was guilty of criminal negligence and the plaintiff of contributory negligence.

## RAPE OF THE PUBLIC SERVICE

Appleton Post, Rep.: The refusal of the legislature to enact a primary election law according to his dictation, has apparently embittered the governor towards all who, for reasons conclusive to themselves, antagonized that proposition, which means an undoubted majority of his party. This feeling is now finding expression in acts at once designed to punish those not in sympathy with his views, or who are so suspected, and to reward those who are, by removing the former from official places and filling them with his personal followers. The natural comments which the later policy of the governor has elicited are characterized by the LaCrosse Chronicle, one of his close followers and keen supporters, as a "Sniveling of the Statuaries."

This is certainly not true of the Oshkosh Northwestern, and so far as it is true in any case, the Post has the same contempt for such an exhibition as the Chronicle has. That paper misinterprets the animadversions upon the governor's altered motives in making appointments. He promised splendid things, but is failing in their performance. He started out to be a statesman, but shows lively signs of descending to the politician. We submit that such a letting down is bound not only to evoke adverse comment, but to justify it. Moreover, any public man who devotes his energies mainly to the work of building up a personal party falls far short of being an ideal leader, such as Mr. LaFollette has professed to be, or his friends have claimed him to be. Such a one may, and often does, succeed for a time, but our political history is strewn with political wrecks of that kind.

Under ordinary conditions, however, the appointment to official places of personal favorites by an executive is thought nothing of and is generally accepted as something quite natural. This predilection becomes mischievous only when the purpose of the appointing officer is thereby to build up and strengthen a machine within its party for the main, if not exclusive, purpose of mutual advancement and advantage. The appearances indicate that this is the later and present aim of Gov. LaFollette.

Ashland Press, Rep.: The Oshkosh Northwestern gravely advises the governor to observe civil service rules in making appointments, to the extent of retaining competent republicans in office instead of removing them to award his favorites. The Northwestern intimates that the governor has violated this rule in naming university regents, and, to quote the Northwestern, "It is announced that even the fish and game warden will appoint as deputies only men who have been known as LaFollette men." In response to all of which it may be remarked that human nature will continue to more or less control the appointive power, wherever it may be, civil service or no civil service.
